

# DSB SB MS VE

It is a bench dispenser for an easy use of hook and loop adhesive fastener in rolls of big dimension. The dispenser removes the liner and rewinds it on a spool, giving the peeled off fastener ready to use. It is an useful tool that permits saving a lot of time.

- ✓ Strong body structure, made of sheet steel (thickness 4 mm). It is coated by epoxy-polyester powder paint
- ✓ The scissor blades made of MnVCr steel are hardened, completely sharpened and finished by grinding machines. The high quality of the steel used and the care taken in the process of production ensure excellent performances.
- ✓ The core holder and the spool for the liner are provided with adjustable brakes.

- ✓ It takes tape up to 50 mm (2") in width and 370 mm of external diameter on 76 mm (3") core or on 32mm (1 ¼ " )
- ✓ It is provided with a sliding arm that permits cutting pieces of tape of a pre-set length. The maximum length is 500 mm.
